### DRUG AND ALCOHOL ABUSE:

Raphael's School clearly prohibits the use, possession or distribution of illicit drugs and alcohol by any student or employee on this property or as part of any school activity, whether or not the activity takes place on our campus. Our school does enforce the state underage drinking laws as well as the state and federal drug laws. It is our policy that if any student or employee participates in any illegal drug or alcohol activity on our campus, they will be terminated from this school. They will also be required to participate in a counseling program before being considered for re-enrollment or re-hire at this school.

**REMEMBER**, we all must do our part in keeping our campus safe and free from all crimes. We encourage you to report any suspicious activity that may occur on or around our campus. Do your part to help put away criminals that may hurt you or someone you know.

### SEXUAL ASSAULT REPORTING POLICY AND PROCEDURE

If a student or employee is the victim of a sex offense on the school campus, they should immediately see the school manager on duty before talking to anyone else. The school manager will then contact the proper law enforcement authorities and emergency medical services if the student requests them to do so. We want to remind any victim that evidence is crucial. . .please do not do anything that may destroy evidence that would provide proof that a criminal offense has been committed.

If requested by the student, the school will assist the student in changing their attendance schedule or enrollment status (e.g., going from full-time to part-time status).

If the accused is also a student of this school, the school's administration will hold a disciplinary hearing in which both the accuser and the accused will have the opportunity to present their account of the alleged crime. They also have the option of allowing others to be present during the hearing. The school will inform both parties of the school's final determination as a result of the disciplinary hearing with respect to the alleged sex offense and any sanction that is imposed against the accused. No results of the hearing will be made public without the written consent of both parties. If, after the disciplinary hearing, it is determined that a sex offense has occurred and there is sufficient evidence that the accused is the perpetrator, the school will terminate the enrollment of the accused.

**NOTE:** Information regarding off-campus drug and alcohol-abuse programs and counseling and special services for victims of sex offenses is made available to students who request this information.
